ACTION TAKEN REPORT

AY-2022-2023

STAKE HOLDER: EMPLOYER

The Bapatla College of Pharmacy has gathered feedback from employers who have hired our students. This feedback includes evaluations of their technical skills, ability to work in teams, their response to challenging situations, aptitudes, specific skill test, communication, logical ability, mental ability and their participation in corporate social responsibility activities. This data was collected through the Training and Placement Cell of the institution with the goal of improving the learning environment by implementing best practices. Ultimately, this initiative benefits the student community in their respective work environments. Our College is affiliated to JNTUK and the college follows academic curriculum designed by the university. However, feedback was collected only from employers who had hired our 2022-2023 exit students.

The objective of this report, which analyzes employer feedback, is to provide an overview of the feedback collected from the Employers. The report aims to identify the institution's strengths and weaknesses and appropriate measures to be taken based on the feedback to make necessary improvements.

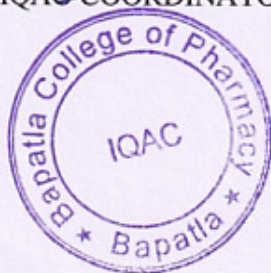

The feedback was collected using an offline mode with the feedback from being distributed to the employers. The survey consisted of questions related to technical skills, ability to work in teams, response to challenging situations, participation in corporate social responsibility activities, and overall opinion about our graduates. The total sample size consisted of 5 responses.

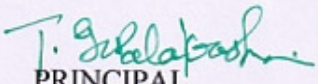

The feedback is collated and analyzed at college academic meetings in the institutions based on feedback requirements institution planned as

- To conduct mock interviews before the commencement of the drives

- To focus on the round development of interpersonal and communication skills of the students
- Ethics is introduced to improve their behavioral skills
