Program Report

Program Name: Importance of preclinical research on student career opportunities

Resource Person (s): Mr. Dasari. Rajasekhar

Senior Research Associate

Syngene International Limited

Date of Activity: 01/09/2018

Organised by: Department of Pharmacology

Venue: Bapatla College of Pharmacy

Objectives of program:

- This program's goal is to educate academicians and students about preclinical research importance.
- The students find making choices about their future opportunities in pharmacology research.
- Academicians and students can improve their skills on research.

Program Outcome:

- By this program the students learned the current scenario of research in pharmacology.
- The participants had got a profound knowledge on importance of preclinical research regarding the animal testing, disease inducing techniques and blood collection techniques and cell line administration.
- The students had gained knowledge on various animal models of animals used in the toxicity research.
- The spokesperson shared knowledge to the students by regarding the current activities and research done on the diseases like cancer, diabetes etc.

Program Name: Statistical significance in research methodology

Resource Person (s): Dr. P. Kishore

Professor

Department of Pharmacognosy

Gokula Krishna College of Pharmacy,

Sullurupeta,Nellore(Dt)

Date of Activity: 10/09/2018

Organised by: Department of Pharmacognosy

Venue: Bapatla College of Pharmacy

Objectives of program:

- This program's goal is to educate academicians and students about statistical significance in the research.
- The students can gain knowledge on various tests proved for research activity.
- Academicians and students can improve their skills on research.

Program Outcome:

- By this program the students learned the current scenario of status biostatistics importance.
- The participants had got a profound knowledge on statistical tests like annova, t- test etc and their importance.
- The students had gained knowledge on various softwares used to assess the raw data to get the significance value.
- The spokesperson shared knowledge to the students regarding the importance of p value and what is null hypothesis etc.

Program Details

The lecture was conducted on 10/09/2018 at Bapatla college of Pharmacy by the spokes person Dr. P. Kishore designated professor of Department of Pharmacognosy, Gokula Krishna College of Pharmacy, Sullurupeta, Nellore(Dt). The pharmacy students and faculty was attended the guest lecture and learned valuable information on the statistical significance in the research. Mrs Neelum Begum department of pharmacology organized the guest lecture. About 39 number of students and faculty are attended the session and gained knowledge on various used to evaluate the obtained data. Various softwares are also discussed by the speaker to know the research is significant or not.

All the session went well, principal and faculty members are honored the speaker.

Program Report

Program Name: Three Days makeintern Program on Drug Discovery, Designing & Development

Resource Person (s): Mr. Ajith Doshi

Faculty

Makeintern & ECell Fest (IIT Kharagpur)

Date of Activity: 21/02/2019 to 23/02/2019

Organised by: Department of Pharmacology

Venue: Bapatla College of Pharmacy

Objectives of program:

- This program's goal is to educate students about Drug discovery process.
- The students find making choices about their future opportunities in designing and development of novel compounds.
- Students can improve their skills on employment opportunities and futuristic trends among their employment.

Program Outcome:

- For upcoming employment opportunities, the students can gain knowledge about various insilico techniques and softwares.
- The students had gained knowledge on various softwares and programs using in drug discovery, Designing & Development.
- Improves the opportunities about the career of a pharmacologist from the spokesperson.

Program Details

The workshop was conducted on 21/02/2019 to 23/02/2019 at Bapatla college of Pharmacy. The faculty Mr. Dhoshi was appointed by the E Cell IIT kharagpur

He gave a lecture on drug discovery, designing and development of drugs. He trained the students regarding the software's used in the drug discovery process and its development. At the first day he gave a lecture on the usage importance of software's used to the students. Later two days he gave hands on training on the software's like autodockvina, chemdraw etc. At the end of the session students had gained knowledge on drug discovery process and its importance. Students also had hands on training through the laptop along with the trainer. The session was went successful. Students got knowledge on various insilico softwares. The session was coordinated by Mrs. Neelum Begum, Department of Pharmacology. At the end of session vote of thanks was given by Mr. Srinivasarao.
