ACTION REPORT AND ACHIEVEMENT REPORT FOR GREEN CAMPUS INITIATIVES

A green campus focus on ecofriendly practices to promote sustainable and environmental friendly behavior within the campus. Greening the campus is all about sweeping away wasteful inefficiencies and using conventional sources of energies for its daily power needs, correct disposal handling, purchase of environment friendly supplies and effective recycling program. The lush green college campus idea gives an organization the chance to take the lead in reinventing its environmental culture and forging new paradigms by developing sustainable solutions to the requirements of mankind in the areas of the environment, society, and the economy.

The initiatives implemented by the Institution to maintain green campus are as follows:

1. Rain water harvesting
2. Compost manure
3. Using farmyard manure as fertilizer for plants
4. Restricted entry of automobiles
5. Ban on use of plastic
6. LED bulbs for energy conservation
7. Maintaining pedestrian friendly pathways
8. Maintaining drip irrigation, water sprinklers for reducing water wastage
9. Maintaining greenery in the campus
10. Biodiversity in campus
11. Social media like watsapp for short communications
12. Organizing of Swach Bharat and Plantation Programs in every year in the campus.
