Name of the Program: **One day Training Program on "CHEMDRAW"**

Date: **18-10-2019**

Resource person details:

Name: **Mr. K. Poorna Chandar Rao**

Designation: **Assistant Professor**

Name of the Organization : **Bapatla college of Pharmacy**

Ph.No: **9885071976**

A one day training Program was conducted in the area of " **CHEMDRAW** " by **Mr. K. Poorna chandar Rao** for the IV B. Pharmacy students on **18-10-19**. The main objective of the Program was to educate the students in developing the knowledge of drawing structures in chemistry.

**Mr. K. Poorna chandar Rao** have demonstrated how to generate 3D models so that students can view their compounds in three dimensions to assess shape and properties to maximize activity or specificity. The participants had the opportunity to learn about the features of **CHEMDRAW** and how to convert chemical structures to names and vice versa. A total number of 91 students were participated in the event.

**Dr. T.E.G.K. Murthy**, Principal of Bapatla college of Pharmacy thanked **Mr. K. Poorna chandar Rao** for sharing his knowledge to the students.

At the end of the Program, **Mr. B. Sudheer** addressed a vote of thanks to the speaker.

## REPORT

Name of the Program: **Computational tools for Parametric tests**

Date: **07-11-2018 & 08-11-2018**

Resource person details:

Name: **Mr. T.L Rakesh Babu**

Designation: **Associate professor**

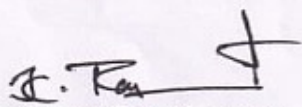

Name of the organization: **Chirala Engineering college, Chirala**

Ph.No: **9494152678**

A two day ICT skill program was conducted in the area of "**Computational tools for Parametric tests**" by **Mr. T.L Rakesh Babu** for the I/II M. Pharmacy students on **07-11-18 & 08-11-18**. The main objective of the program was to educate the students on the usage of different computational tools for parametric tests.

The participants had the opportunity to learn about the concepts and applications of statistical test are intended to decide whether a hypothesis about distribution of one or more populations. Parametric tests are those statistical tests that assume the data approximately follows a normal distribution, amongst other assumptions. At the end of the session students gain the informative knowledge related to parametric test like t-test, ANOVA, Z-test et.c. Every statistical test has a test statistic which helps us calculate the P-value which then determines whether to reject or not reject the null hypothesis. A total number of 26 students are participated in the Program.

**Dr. T.E.G.K. Murthy**, Principal of Bapatla college of Pharmacy thanked **Mr. T.L Rakesh Babu** for sharing his knowledge to the students. At the end of the program, **Mr. K. Ranjith** addressed a vote of thanks to the speaker.
