List of Teaching staff participated in Professional Development Programs

AY:2019-2020

S. No	Name of The Teacher	Designation	Name of The Programme	Date & Duration
1	Dr. Talasila Eswara Gopala Krishna Murthy	Principal	Pharmaceutical education and research	13-05-2020 To 18-05-2020
2	Dr. Tanneru Venkateswara Rao	Associate Professor	Pharmaceutical education and research	13-05-2020 To 18-05-2020
3	Dr. Vankayalapati Sai Kishore	Associate Professor	Pharmaceutical education and research	13-05-2020 To 18-05-2020
4	Dr. Jilakarla Venkata Suresh	Associate Professor	Pharmaceutical education and research	13-05-2020 To 18-05-2020
5	Dr. Satish Kumar	Associate Professor	Pharmaceutical education and research	13-05-2020 To 18-05-2020
6	Dr. Kadiyam Rajya Lakshmi	Associate Professor	Modern methods for teachings – learning practices	13-05-2020 To 18-05-2020
7	Dr. V Sree Janardhanan	Associate Professor	Pharmaceutical education and research	13-05-2020 To 18-05-2020
8	Kapu Ranjith	Associate Professor	Pharmaceutical education and research	13-05-2020 To 18-05-2020
9	G.Anitha	Assistant Professor	Pharmaceutical education and research	13-05-2020 To 18-05-2020
10	Neelam Begum	Assistant Professor	Pharmaceutical education and research	13-05-2020 To 18-05-2020
10	Venu Babu chennupati	Assistant Professor	Pharmaceutical education and research	13-05-2020 To 18-05-2020
12	Nalluri Bala Krishna	Assistant Professor	Pharmaceutical education and research	13-05-2020 To 18-05-2020
13	Gorla Pavani Priya	Assistant Professor	Pharmaceutical education and research	13-05-2020 To 18-05-2020
14	Immadisetty Srikrishnanjaneyulu	Assistant Professor	Pharmaceutical education and research	13-05-2020 To 18-05-2020
15	Sushma Chennupati	Assistant Professor	Pharmaceutical education and research	13-05-2020 To 18-05-2020

16	Tella Madhulatha	Assistant Professor	Pharmaceutical education and research	13-05-2020 To 18-05-2020
17	Annie Mande	Assistant Professor	Pharmaceutical education and research	13-05-2020 To 18-05-2020
18	Manam Sukanya	Assistant Professor	Pharmaceutical education and research	13-05-2020 To 18-05-2020
19	Bontagarla Srinivasa Rao	Assistant Professor	Pharmaceutical education and research	13-05-2020 To 18-05-2020
20	Poonghzhali	Assistant Professor	Pharmaceutical education and research	13-05-2020 To 18-05-2020
21	Bodepudi Sudheer Chowdary	Assistant Professor	Pharmaceutical education and research	13-05-2020 To 18-05-2020
22	Singarapalle Shoba	Assistant Professor	Pharmaceutical education and research	13-05-2020 To 18-05-2020
23	Keerthi Poorna Chandra Rao	Assistant Professor	Pharmaceutical education and research	13-05-2020 To 18-05-2020
24	Ch Rama Kotaiah	Lab Assistant	Storage and Handling of chemicals	19-07-2019
25	R. Venu Babu	Jr. Assistant	Storage and Handling of chemicals	19-07-2019
26	K. Sujatha	Record Assistant	Storage and Handling of chemicals	19-07-2019
27	N. Parameswari	Record Assistant	Storage and Handling of chemicals	19-07-2019
28	T. Suneetha	Record Assistant	Storage and Handling of chemicals	19-07-2019
	D. Venkateswaramma	Helper	Storage and Handling of chemicals	19-07-2019
30	M. Srihari	Jr. Assistant	Storage and Handling of chemicals	19-07-2019
31	T. Vijaya Sekhar	Jr. Assistant	Storage and Handling of chemicals	19-07-2019
	Ch. Rajendra Prasad	Jr. Assistant	Storage and Handling of chemicals	19-07-2019

CIRCULAR

All the faculty members are here by informed that our college Bapatla College of Pharmacy, Bapatla, Guntur (Dt), Andhra Pradesh, Wishes to conduct a One-week online Faculty Development Programme on the topic "Pharmaceutical Education and Research" which will be scheduled from 13-05-2020 to 18-05-2020. All the lectures will be on online mode through zoom platform.

The interested faculty can register through the registration form on or before 11-05-2020.

T. Gohelapasha
Principal

Internal Quality Assurance Cell (IQAC),
Bapatla College of Pharmacy, Bapatla, Andhra Pradesh, India

[Established by Bapatla Educational Society -1962]

Affiliated to JNTU Kakinada, Approved by Pharmacy Council of India (PCI), New Delhi.

**ONE WEEK ONLINE - INTERNATIONAL FACULTY DEVELOPMENT PROGRAM ON
PHARMACEUTICAL EDUCATION & RESEARCH**

Date: 13th - 18th May 2020 (6 Days). Time: 9.30-11.00am (Webinar Platform - Zoom)

Target audience: Pharmacy Faculty (National or International)

Free Registration & e-Certificate (after completion of assessment)

Registration Link: <https://forms.gle/ZdBnvS8Jf1TkipnB6>

Convener: Dr.T.E.G.K.Murthy, Principal, Bapatla College of Pharmacy, Andhra Pradesh
Program Coordinator: Dr.M.Sathish Kumar, IQAC Coordinator, +91-9494468315, iqacbcop@gmail.com

Program Highlights:

1. Session 1 (13/05/2020) Topic: Moving from Traditional Research to Innovative Natural Products for Sustainable Future and Developments.
Speaker: Dr.Mahendran Sekar, Associate Professor, Universiti Kuala Lumpur, Malaysia.
2. Session 2 (14/05/2020) Topic: An Active Constituent Enriched Extract: A Practice used for Development of Phytopharmaceutical Products.
Speaker: Dr.Pharkphoom Panichayupakarant, Associate Professor, Prince of Songkla University, Thailand.
3. Session 3 (15/05/2020) Topic: Bench-to-Bedside Research: Clinical trial planning and development process in herbal medicine.
Speaker: Dr.Pathirage Kamal Perera, Senior Lecturer (Gr.I), University of Colombo, Sri Lanka.
4. Session 4 (16/05/2020) Topic: Teaching Pedagogy in 21st Century: With special focus on health care sector.
Speaker: Dr.Kishor Adhikari, Associate Professor, Chitwan Medical College, Nepal.
5. Session 5 (17/05/2020) Topic: The journey of a young pharmaceutical researcher.
Speaker: Dr.Bonam Srinivasa Reddy, Post Doctoral Researcher, University of Strasbourg, France.
6. Session 6 (18/05/2020) Topic: How to become a post doctoral fellow?
Speaker: Dr.Challa Siva Reddy, Research Collaborator, University of Illinois, USA.

PROGRAMME REPORT

Title:

ONE WEEK ONLINE FDP ON PHARMACEUTICAL EDUCATION AND RESEARCH

One-week online Faculty development program which was entitled as "Pharmaceutical Education and Research" was inaugurated on 13/05/2020 at 9.30 AM by our principal sir Dr. T E G K Murthy Garu. After inauguration the program was handed over to first day resource person Dr. Mahendran Sekar, on title "Importance of Moving from Traditional Research to Innovative Natural Products for Sustainable Future and Development. He had explained well traditional knowledge refers to the knowledge, innovation, and practices of indigenous and local communities around the world developed to local culture and environment. He has also talked about components of traditional knowledge like soil and water management system, traditional forest management system, traditional water management system, soil fertility management, pest management, organic manuring, agriculture and horticulture crop, traditional foods, and beverages. Faculty members from various Pharmacy institutes were joined to this Faculty development program.

On second day 14/05/2020, the program was initiated by resource person Dr. Pharkphoom Panichayupakarant had a session about the topic "An Active Constituent Enriched Extract: A Practice Used for Development of Phytochemical Products." He has explained well. This program has developed a critical understanding of the diverse use of plants and their place in human culture.

On third day 015/05/2020 the program was engaged by Dr. Pathirage Kamal Perera on the topic "Bench-To-Bedside Research- Clinical Trial Planning and Development Process in Herbal Medicine." He has described each requirement must be satisfactorily answered before moving to the next phase. Initially, there are several issues associated with the reproducibility of the original discovery. Subsequently, additional preclinical aspects of safety, formulation, dose, administration route, timing of delivery, and pharmacokinetics must be completed before entering human trials. Central nervous system disorders, such as spinal cord injury (SCI), are heterogeneous. The level and severity of SCI impacts the functional capacity of an individual and their prognosis for recovery. Thus, the selection and stratification of appropriate participants, as well as the choice of an appropriate outcome measure, should be based on prior analysis and

Herbal Medicine.” He has described Each requirement must be satisfactorily answered before moving to the next phase. Initially, there are several issues associated with the reproducibility of the original discovery. Subsequently, additional preclinical aspects of safety, formulation, dose, administration route, timing of delivery, and pharmacokinetics must be completed before entering human trials. Central nervous system disorders, such as spinal cord injury (SCI), are heterogeneous. The level and severity of SCI impacts the functional capacity of an individual and their prognosis for recovery. Thus, the selection and stratification of appropriate participants, as well as the choice of an appropriate outcome measure, should be based on prior analysis and modeling of the natural history for both neurological impairment and activities of daily living. A great deal of wisdom can be gathered from historical datasets to assure that a clinical trial program has the best study protocol to clearly detect any potential therapeutic benefit.

On Fourth day 16/05/2020 the program was initiated and engaged by Dr. Kishor Adhikari on the topic “Teaching Pedagogy In 21st Century: With Special Focus on Health Care Sector.” He has explained Health literacy is a relatively new concept in health promotion. It is a composite term to describe a range of outcomes to health education and communication activities. From this perspective, health education is directed towards improving health literacy. This paper identifies the failings of past educational programs to address social and economic determinants of health, and traces the subsequent reduction in the role of health education in contemporary health promotion. These perceived failings may have led to significant underestimation of the potential role of health education in addressing the social determinants of health. A ‘health outcome model’ is presented. This model highlights health literacy as a key outcome from health education. Examination of the concept of health literacy identifies distinctions between functional health literacy, interactive health literacy and critical health literacy.

On fifth day 17/05/2020 the program was engaged by Dr. Bonam Srinivasa Reddy “The Journey of Young Pharmaceutical Research”. He has explained about to provide a collective industry perspective from QC domain leaders at leading pharmaceutical companies. There are immediate nonfinancial benefits in engaging with QC, some likely financial returns in the short term in drug development, manufacturing, and supply chain, and potentially large scientific benefits in drug discovery long term. We discuss the required activities for institutionalizing QC: how to create an understanding of QC among researchers and management, which and how to deploy external resources, and how to identify the problems to be addressed with QC.

On the sixth day the program was initiated and continued Dr. Challa Siva Reddy “How to Become a Post-Doctoral Fellow.” He has explained about provides insights from the personal experiences of two academic surgeons, at different stages of their careers. The role of academic surgeons is to bridge the gaps between research, teaching, and clinical practice, with the ability to translate issues from the bedside and operating theatre into meaningful research that informs practice. Surgery remains a craft speciality and undoubtedly the critical challenge for academic training remains the need to balance academia with developing the specific skills required of surgeons. This is often offset by the potential for training with a greater continuity, as a result of longer periods in a specialist department.

On the last day evening valedictory function was organized by the management of Bapatla College of Pharmacy. About thirty faculty members were attended from different colleges. The certificates of participation were distributed to all the faculty members.

Programme Report

Date: 19/07/2019

Programme:

One day Training Programme for Non-Teaching Faculty

Title Of the Programme:

"Storage and Handling of Chemicals Used in Laboratory"

Trainer:

Mr. K. Ranjith

Associate Professor, & HOD

Department of Pharmaceutical Chemistry & Analysis

Bapatla College Of Pharmacy.

Time: 9.00 AM-2 PM on 19/07/2019

The session was started at 9 AM and the programme was inaugurated by Our principal Sir Dr. TEGK Murthy, with a brief introduction of the significance of this programme, it was handed over to the resource person Mr. K Ranjith.

Mr. K. Ranjith Garu has given a seminar on Storage conditions that should be maintained while storing various reagents. Chemicals should not be routinely stored on the benchtops. In such locations they are unprotected from exposure and participation in a fire situation and are also more readily knocked over. Each chemical should have a specific storage area and be returned there after use. The important guidelines that should be taken while working with various chemicals like Acids, Bases, and Flammable materials.

The technicians were suggested not to mix acids with solvents or flammables. A violent reaction may occur pour solvents down the sink, not to drain chemicals directly into the drain, not to dip your hand into a chemical even when wearing gloves and not to inter-change the bottle caps. Put the same cap back on the bottle making sure that it is tight.
