A program on **Economic and Social Rights for Women Empowerment** was to make the women understand Women's economic participation and empowerment are fundamental to strengthening women's rights and enabling women to have control over their lives and exert influence in society. The Speaker Dr. Sujana started her lecture by stating the importance of social and economic rights for Women. The economic empowerment of women is a prerequisite for sustainable development, pro-poor growth and the achievement of all the Millennium Development Goals. Gender equality and empowered women are catalysts for multiplying development efforts. Investments in gender equality yield the highest returns of all development investments. Increasing the role of women in the economy is part of the solution to the financial and economic crises and critical for economic resilience and growth. She also added Empowering women, through improving access to health, education, earning opportunities, rights and political participation, can be an economic game changer for any country. The session ended by closing remarks of Principal Dr. TEGK Murthy and felicitation to the speaker.

A program on **Gender Equality & Empowerment of Women** was to bring the importance of advancing gender equality. Bapatla College of Pharmacy has taken a forward step with an agenda in uplifting the rights of women and girls at campus level.

Mrs. Shiny Ganji has stated that a prosperous and peaceful world in which women and girls, men and boys, and gender-diverse individuals, throughout their lives, enjoy equal rights; have the agency to secure better lives for themselves, their families, their communities, and their countries; have equitable access to high-quality education and health care, as well as justice and economic opportunity; accumulate and control their own assets and resources; exercise their own voices; and live free from restrictive gender norms, beliefs, and practices including intimidation, harassment, discrimination, and violence.

She also added that society has assigned specific roles to men and women and that we are conditioned to think like that. It is time that we recognise and appreciate the reproductive as well as productive role each woman plays in a society and break from the patriarchal secondary status that is given to women. The program ended by the closing remarks of the Program Coordinator and felicitation to the speaker.

A guest lecture was organized on "Importance of Self Defence for Women" by Dr. Madhu Harika Bonam on 26/3/2019. The speaker started with explanation of how Women's self-defense ultimately gives women freedom, as they are able to defend themselves against both mental, emotional and physical challenges. Self defence helps women to protect themselves and their families too. Self – defense use is under legal jurisdictions called as the "right to self – defense". In today's world, it is very important to know to protect yourself. Statistics show that one in three women will be the victim of some type of violent attack in her lifetime. It gives gives you confidence and strength that you're not weak and has the potential to do what they dream of. Having no plan for how to deal with that situation leaves you exceptionally vulnerable. Self-defense has become a necessity for every growing child and individual today. It is also advantageous for any woman who would like a physical, hands-on workout. Around 60 students participated and inspired by the session. The session has closed with vote of thanks to the speaker by the program coordinator.

A guest lecture was organized on **3 L's for women empowerment** held on 28/6/2019 by Dr. Sneha latha. She talked about the importance of women empowerment and the ways to achieve goal. She stressed the role of women in modern world and their abilities. She explained about the three doors of opportunity for women i.e. learning, labour and leadership. Learning is the foundation on which the change is built. Labour help women achieve their potential. If women participate in economic activity, it is good for entire nation. Women should come to leadership positions, as they take good decision based consensus building than men. She added that if women can meet their potential, the world will benefit more. The session ended by closing remarks and felicitation to the speaker by the program coordinator Mrs. P. Madhu latha.

Bapatla College of Pharmacy has organized an Women empowerment Program on Women and Law by Mrs. Manoranjani, an eminent speaker on 5/12/2019. This Program transforms legal education by opening up spaces for feminist legal scholarship, teaching, and activism. The speaker said that Laws that discriminate against women and girls entrench gender inequality and are a major barrier to the realization of women's human rights. As per a survey, women and girls currently living in countries where discriminatory laws are in place or key protections are lacking. She stated that teachers and students should work together to create a world in which all people live free from gender-based oppression and violence. She concluded her lecture by explaining about different laws like dowry prohibition act, sexual harassment at work place – prevention and prohibition act, Immoral traffic prevention act etc The session ended by vote of thanks by program coordinator.

A guest lecture was organized on “**Women's Sense of Self Worth – Right to choice**”. The session started with inspiring with the importance of Self worth for Women. Self-esteem is a core identity issue, essential to personal validation and our ability to experience joy. A woman with low self-esteem does not feel good about herself because she has absorbed negative messages about women from the culture and/or relationships. Women should not depend on anyone and she should realize her abilities and strengths. It's hard to find and maintain self-worth when one live in fear of whether they are meeting societal standards of what it means to be a woman. It can be hard, but in order to find one's value and worth as women, one have to look within themselves, not out at the world. She ended her lecture with the words “No matter what you do, remind yourself that there is no right or wrong way to be you. When one learn how to be ourselves, a new world will open up. Explore new hobbies, interests and possibilities. Welcome trial and error into your life!. Nearly 58 girls benefitted from the program and session closed with vote of thanks to the speaker by the program coordinator.

Bapatla College of Pharmacy has organized a program on "Behavioural Psychology held on 28/11/20 by the eminent speaker Mrs. G. Sai lakshmi. The session helped the students to understand the reasons for their behavior and how good habits play a significant role in their day to day performance. The speaker discussed how positive thinking helps an individual to create better opportunities and thereby reaching their targets comfortably and lead a happy life. She also explained some relaxation or coping techniques that involves not to engage in unhelpful coping strategies. She added that it is always right to come away from comfort zones and accept life's challenges to become successful and fearless. Around 65 students have participated in the event. The program ended by the closing remarks of our Principal Dr. TEGK Murthy and felicitation to the speaker.

A program on **Promoting health and literacy for women empowerment** is aimed to highlight the importance of health, well being, women's empowerment and education focusing on the role of literacy. Through literacy, women can improve and enhance their personalities and contribute towards the progress of the society.

Mr. Kamesh has focused how low health literacy negatively affects a woman's health knowledge, preventive behavior and ability to navigate the health care system. There is significant effect of welfare of woman on health of family and community. Around 68 girls participated in the event. The session ended with closing remarks of Mrs. P. Madhulatha, Coordinator and felicitation to the speaker.

A session was organized on **Women Entrepreneurship** to bring awareness about entrepreneurship, innovation and leadership skills among girl students. She gave many examples of new and innovative ideas adopted by the women all over the world to grow their local craftsmanship business. She explained how the worldwide scenario is changing regarding women entrepreneurship. One best example she quoted was that in one country school timing were extended till at 5 in evening so that women can concentrate on her business without worrying about her kids as they were in safe hands. Women are coming forth to the business arena with ideas to start small and medium enterprises. Women have already shown their vital role in other spheres like politics, administration, medical and engineering, technical and technological, social and educational services. She stated the different qualities women should develop to be entrepreneur and how to be strong to have leadership skills. She reminded the abilities and potential women have and encouraged the students to enter into the world of entrepreneurship. The session ended by bote of thanks to the speaker.

The Session was organized to bring awareness among girl students about advancement, development and empowerment of women in all spheres of life through creation of a more responsive judicial and legal system sensitive to women and mainstreaming a gender perspective in the development process. The speaker stated that the extent of empowerment of women in the national hierarchy is determined largely by the three factors – her economic, social and political identity and their weightage. Growth can be an appropriate indicator for evaluating female-owned business performance because represents the degree of entrepreneur's success. The weak law enforcement and gender insensitivity of the various functionaries fail to check the growing violence against women. The root cause of most of problems being faced by women is lack of economic independence among women. Providing training and skills in various vocations to women living in shelter homes will facilitate them to obtain employment on sustained basis. Nearly 70 girls participated in the event and were motivated to come forward in all aspects of life. The session ended with vote of thanks by program coordinator.

Bapatla College of Pharmacy has organized a session on **Women in Innovation** on 28/4/22 by Mrs. I. Haritha who discussed how women can contribute to social transformation in a fundamentally important way and how through innovation bring about higher growth and shared prosperity. There is need to encourage young women not only to pursue science and engineering degrees but also to pursue scientific careers and careers as entrepreneurs. She also added that scientific research with more women researchers in teams is more likely to be breakthrough because the diversity brings about greater creativity and fresh approaches to look at the same problem in a new way. The Women entrepreneurs tomorrow are the girls of today, so there is every need to encourage girls towards innovation and entrepreneurship. Around 68 girls have attended the session and took benefit of it. The session ended by closing remarks and felicitation to the speaker by the program coordinator Mrs. P. Madhu latha.

A session was organized on **Entrepreneurial Ecosystems and Startup Success** by Dr. D. Raja Kumari on 5/01/23. The event aimed to foster the spirit of entrepreneurship among students and provide them with valuable insights into the world of startups. Dr. D. Raja Kumari began her session by defining entrepreneurship as the process of creating, developing, and managing a new business venture to make a profit. She also stressed the importance of innovation, risk-taking, and resilience as essential qualities of successful entrepreneurs. entrepreneurial ecosystems reflect a high level of entrepreneurial activity, they differ significantly in terms of the proportion of female founders, which means some ecosystems do not fulfill their true potential. Startups can pave a new path to gender equity. Startups are fueling India's growth with women-led businesses playing increasingly important roles. She also stated Startups could build on early success to create new jobs for women by 2030 and Startups enable women to realize their personal and professional goals at multiple career stages. Nearly 68 students attended the event and the program ended by vote of thanks delivered by the Coordinator.

No. of participants	68

A mentoring session was organized for women on **Becoming Fearless** held on 12/4/23. The speaker Mrs. Jyothi Maraka quoted that every woman can become fearless by learning about their different characteristics and strengthening on their own. Even if you have over a thousand things to be scared of, you don't let these things stop you, but you let them empower instead. She also mentioned that fear is a powerful emotion if you use it to your advantage and let you push it forward instead of backward. She explained about different apps like disha and etc. implemented by government for women safety and protection. Around 68 girl students participated in the session and utilized the opportunity. The session ended by closing remarks and felicitation to the speaker by the program coordinator Mrs. P. Madhu latha.

A mentoring session was organized to empower girl students entitled **Sakhi** on 10/2/23. Sakhi is a women-oriented program which is aimed against different forms of violence against women. The Speaker stated that decreasing violence against women and girls requires a community-based, multi-pronged approach, and sustained engagement with multiple stakeholders. Awareness activities play a major role in empowering women with sharing knowledge and spreading awareness about violence and helping women take actions against them. Identification of the problem, reaching out to help, spreading awareness and taking actions are the important goals that awareness programs are focused on. There is need to create a comfortable space for women, to construct a strong gender resource base, to reach out to women and youth and to disseminate information related to gender, to mainstream gender concerns into the structures and systems of institutions especially those at the local self governments and to facilitate the local bodies in their general development and in gender specific initiatives. The session ended by vote of thanks by the coordinator.
